## AA-105.2.C, ACADEMIC REVIEW COMMITTEE (ARC)

---

The Academic Review Committee reviews students' academic status and assigns academic standing based on the established criteria. The committee also reviews Academic Improvement Plans (AIPs) submitted by students to appeal standings of academic suspension and academic dismissal. There is a separate committee to review undergraduate and graduate students.

### Schedule of Meetings

Academic Review Committee meets at the end of every semester to review actions based on cumulative grade point average. Students falling below the academic standard will be reviewed and the appropriate standard will be awarded at this time. In addition to actions, the committee will entertain AIPs for review for start in the next semester during the Actions Meeting. The committee also meets on the Friday and Monday before the start of a semester to review AIPs for the start of the next semester.
