

EDUCATION BUILT FOR LIFE

# CORPORATE ADVANTAGE PARTNERSHIP PROGRAM

Upper Iowa University offers CAP grants to employees and their families

## BENEFITS INCLUDE:

- Grants for courses taken at a UIU center, online or through our self-paced programs.
- Employee spouses and children (up to age 26) are also eligible for these grants.
- Grant amounts are determined annually, based on number of participants. Generally, the grant is about 10 percent of tuition.

## THE UIU DIFFERENCE:

- **Flexibility:** Students can use any combination of classroom, online, and self-paced courses to create a schedule that works well for them.
- **Reliability:** UIU is a private, not-for-profit university founded in 1857.
- **Convenience:** Our unique course schedule allows students to focus on one to three classes at a time while still allowing them to move through their educational requirements quickly.
- **Excellence:** UIU online undergraduate programs were ranked for the fourth consecutive year by U.S. News & World Report. UIU has been recognized as a "Military Friendly University" by Military Advanced Education and militaryfriendly.com for seven consecutive years.
- **Advising:** Each employee is assigned an advisor who will work with them closely from enrollment to completion of coursework. Advisors are easily accessible via phone and email as well as through face-to-face meetings several times a year at your location.
- **Student Support:** UIU also offers students a wide range of student support resources, including online library services, online tutoring, career services, disability services and financial aid for degree-seeking students.
- **Transferability:** Students can transfer up to 78 credits from an accredited two-year college and up to 90 credits from four-year institutions towards their pursuit of a bachelor's degree. Students can transfer up to 12 credits towards their master's degree.
- **Customized Website:** Information and resources specific to the partnership we have with you.

## NOT-FOR-PROFIT UNIVERSITY

### EASY TRANSFER OF COLLEGE CREDIT

**UP TO**  **78** CREDIT HOURS (2-YEAR INSTITUTION)
