9. Click the "go to section home page" link along the right side of the page

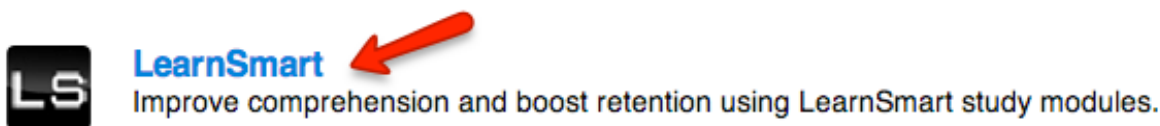

10. Click add an assignment

11. Click **LearnSmart** under Adaptive Assignments

Adaptive Assignments

12. Click the Assign button next to a chapter to begin selecting topics

13. Drag the slider to assign more or less content. See the teaching guide for recommendations.

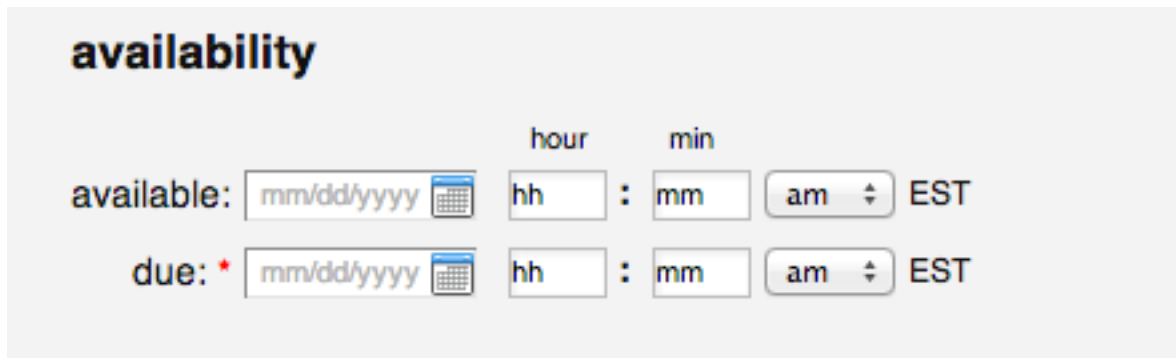

14. Set the assignment point value. See the teaching guide for recommendations.

15. Click the assign button in the lower-right corner

A blue rounded rectangular button with the text "next: assign" in white.

16. Set availability and due dates. Availability dates should correspond with the week of the course. The due date should be set as day 7 of the week. See the teaching guide for more information.

A form titled "availability" with two rows. The first row is labeled "available:" and the second row is labeled "due: *". Each row has a date input field (mm/dd/yyyy with a calendar icon), a time input field (hh : mm), a time zone dropdown (am or pm), and a time zone label (EST).

availability

available: : EST

due: * : EST

17. Click Assign in the lower-right corner

A blue rounded rectangular button with the text "assign" in white.

18. Repeat the process of adding assignments for each chapter of the textbook.

19. To view detailed reports of student progress, see the **Reports** tab on the top right of the screen and scroll down to **Adaptive Assignment Results**. More additional information see related documentation in the Doc Sharing area of the LearningStudio course.
