

## **REQUEST FOR SERVICES** ***Emotional Support Animal***

Upper Iowa University, in compliance with the Fair Housing Act (FHA), may allow Emotional Support Animals as a reasonable accommodation in residence hall rooms of students with documented disabilities. While Emotional Support Animals are permitted in university residence hall rooms, apartments, and houses, they are prohibited from public areas such as dining centers, classrooms, computer labs, or other university property.

Students with Emotional Support Animals will be responsible for the ownership of the animal, including maintaining and controlling the animal at all times. Students should be responsible for any cost associated with damages the animal causes to campus property or other persons.

It is important that you, as the student requesting an Emotional Support Animal accommodation, complete this form to the best of your ability and return the application to the Student Accessibility Services Office along with documentation from a physician or licensed mental health professional supporting your need for this particular accommodation. The supportive documentation must verify that you meet FHA's definition of a person with a disability, describes how the animal will assist you and shows the relationship between your disability and the need for assistance.

Additionally, Emotional Support Animals must have a valid license, photo, and current vaccinations on file with Student Accessibility Services.

**Please note that eligibility for accommodations will not be determined until a completed Request for Services form and relevant documentation are on file.**

### **GENERAL INFORMATION**

**REGISTRATION FORM  
EMOTIONAL SUPPORT ANIMAL**

Please complete this form and submit it to the Director of Student Accessibility Services in the Office of Student Life, *at least 30 days prior* to the arrival of the Emotional Support Animal (ESA) on campus. An ESA may not be brought on campus until the complete application has been received and approved. Complete a new form if any changes in the information about your approved ESA occur. Student is required to have a meeting with Director of Student Accessibility Services at the beginning of this process. You can email [accessibility@uiu.edu](mailto:accessibility@uiu.edu) to schedule a meeting.

**Provide the following documentation along with this form:**

- 1. Letter or documentation from veterinarian documenting the ESA's vaccination record as well as future vaccination due dates. This letter should be on the veterinarian's letterhead, and include veterinarian's signature.** Local veterinarian contact is also recommended.
- 2. Letter or documentation from veterinarian documenting that ESA is spayed and neutered.**
- 3. Color photo of the animal.**

## Agreement for Emotional Support Animals (ESA)

Initial \_\_\_\_\_ Once a student has been determined to qualify to have an ESA accommodation by Student Accessibility Services, the following additional requirements must be met. Initial by each check in the space provided:

- \_\_\_\_\_ ✓ The student must register their approved animal with Student Accessibility Services and Residence Life by providing all necessary documentation at least 30 days prior to the arrival of the ESA.
- \_\_\_\_\_ ✓ The student is responsible for ensuring all veterinarians recommended vaccinations are completed and documented. Proof of vaccination is required before moving the animal into the residence. Upper Iowa University reserves the right to request an updated verification at any time during the animal's residency. The animal must be spayed and neutered if applicable (cat or dog)
- \_\_\_\_\_ ✓ The student must have the animal's University issued ID on them at all times to show that animal is registered with Student Accessibility Services.
- \_\_\_\_\_ ✓ The student is responsible for properly containing and disposing of the animal's solid waste (e.g. feces).
  - When Service/Emotional Support animal is in the residence hall, any waste and/or used litter, must be disposed of in an outside trash dumpster. Litter boxes must be placed on mats to minimize contamination of flooring surfaces.
  - When Service/Emotional Support Animal is outdoors, any solid waste must be immediately retrieved by the student, placed in a plastic bag that is securely tied before being disposed of in an outside dumpster.
- \_\_\_\_\_ ✓ Students are responsible for feeding and providing clean drinking water for the animal within the confines of their bedroom. Animal food should be kept in a closed container within the student's bedroom.
- \_\_\_\_\_ ✓ If the animal vomits, urinates, leaves solid waste, and/or becomes incontinent, it is the responsibility of the student to make sure the contaminated area is cleaned up immediately. If the contamination occurs indoors, clean-up must include disinfectant of the area and carpet or floor treatment to minimize damage to the facility.
- \_\_\_\_\_ ✓ Bathing or grooming of the animal is expected to avoid significant odors and/or to manage shedding.
- \_\_\_\_\_ ✓ Students are responsible for taking effective precautions to avoid flea and tick infestations. The student's residence may be inspected for fleas, ticks or other pests as needed. The Residence Life staff will schedule the inspection. If fleas, ticks or other pests are detected during inspection, the residence will be treated using approved fumigation methods by a college-approved pest control service. Student will be billed for the expense of any pest treatment. If the problem reoccurs, the student's contract may be terminated.
- \_\_\_\_\_ ✓ The owner will take all reasonable precautions to protect employees, residents, and guests as well as the property of the university and residents. The ESA owners should wash their hands after handling their animal and before entering public spaces. Clothing should be cleaned as much as possible or changed before entering public spaces.
- \_\_\_\_\_ ✓ The student is responsible for assuring that the animal does not unduly interfere with the routine activities of the residence halls or cause difficulties for students who reside there.

**Sensitivity to residents with allergies, religious restrictions and to those who fear animals is important to ensure the peace of the residential community.**

- ✓ Multiple complaints of excessive animal noise such as crying, barking or meowing, especially when the owner is not around will be grounds for contract termination and removal of the animal from Upper Iowa University.
- ✓ The animal must be under the care of the student at all times while on university property, including within the residence halls/apartment. It is expected that the animal will be controlled by a leash at all times while on university property.
- ✓ The animal may be off-leash/harness within the confines of the student's bedroom, but must remain under the control of the student and must be leashed outside of the bedroom, or if a roommate(s)/apartment mate(s) requests leashing. When the animal is unattended, it must remain in the student's bedroom.
- ✓ In the event of a fire alarm or any other type of evacuation, owners are solely responsible for the evacuation of their animals. Animals must be secured by leash or animal carrier (for cats and other small animals) in order to be included in evacuation and/or reunification procedures. It is recommended that ESA owners practice evacuating their animals during routine fire drills
- ✓ Unlike service animals, support animals are generally prohibited in indoor areas considered public including, but not limited to, community bathrooms, lounges, dining centers, computer labs, classrooms, office workspaces, and nonresidential facilities on campus. Requests for permission to have support animals in residence or in public areas must be made in writing to the Student Accessibility Services Office (student request) or Human Resources (employee request).
- ✓ The animal must not be left unattended for longer than a 6 hour period and may not be cared for by another member of the campus community unless the student is involved in an unforeseen circumstance (car crash, hospitalization, family death, etc.). Students who must leave for extended periods of time must take their emotional support animal with them while they are not on campus.
- ✓ There will be surprise check-ins throughout the school year to ensure the welfare of the animal(s) is being taken care of properly. Staff reserve the right to entire your room to make sure that this is being meet.
- ✓ The student is financially responsible for the actions of the animal causing bodily injury or property damage. This includes, but is not limited to any replacement of furniture, carpet, window or wall covering as well as cleaning costs considered above the normal cleaning provided for rooms.
- ✓ The owner will hold the university blameless in the event that their ESA goes missing. University staff are not responsible for the care or retrieval of the animal in the event the animal escapes or becomes lost.
- ✓ *The ESA application must be turned in yearly if the ESA is still needed in the residence halls.* The student must notify Residence Life and Student Accessibility Services in writing if the animal is no longer needed as an emotional support animal or is no longer in residence. To replace one animal with a different animal, the student must file a new request.
- ✓ The student agrees to continue to abide by all other residential policies. An exception to the policy that otherwise would prohibit having an animal does not constitute an exception to any other policy.

### **Acknowledgement of Contract**

I, \_\_\_\_\_ acknowledge, represent, and agree that I have read this ESA Contract, fully understand its terms, and understand that I am responsible for the care and behavior of my animal(s). I understand that if my animal(s) is found to be without proper care and attention or under the care of another student that is not named as the emergency care giver then the animal(s) will no longer be welcomed on UIU Property. The Director of Student Accessibility Services has the right to assign any UIU employee to take temporary possession of the said animal(s) if animal(s) is abandoned or neglected and care for the animal(s) until animal(s) is retrieved by the owner. I understand that I have 3 days to retrieve my animal(s) in accordance with Iowa Law and if the animal(s) is not retrieved within the time limit of 3 days, it is understood that I am giving up my right to the animal(s), including the right to sue. The animal(s) shall be taken to a shelter and put up for adoption. I, \_\_\_\_\_ confirm that I am signing this Agreement freely and voluntarily and intend that my signature below to be a complete and unconditional release of all liability to the greatest extent allowed by law.
