## **RULES, PROCEDURES, GUIDELINES, FORMS, AND OTHER RELATED RESOURCES**

### **Failure to Meet Requirements for Academic Standing**

The standards for academic standing are reviewed for each student at the end of each semester by the Academic Review Committee for undergraduate students and the Graduate Academic Review Committee for graduate students. A student who fails to meet the standards for good academic standing will be placed on one of the following statuses.

**Academic Warning:** A student who fails to meet the minimum standards for good academic standing will be placed on academic warning. The purpose of the warning is to make the student aware that continued performance at or below the standards will lead to academic suspension. A student placed on academic warning shall not carry overload and shall not be eligible to register for study abroad courses.

**Academic Suspension:** A student who fails to meet the minimum standards at the end of a semester on academic warning will be placed on academic suspension. Students placed on academic suspension may appeal the action to the appropriate committee. The appeal must include a personal statement by the student explaining the factors that adversely impacted the student's academic performance, a specific AIP for achieving the minimum standards for academic good standing, and any supporting documentation. Students placed on academic suspension shall not register for classes until their appeal has been approved by the appropriate review committee.

**Academic Probation:** A student who successfully appeals his/her academic suspension will be placed on academic probation. Students placed on academic probation will be reviewed individually at the end of each semester by the Academic Review Committee or the Graduate Academic Review Committee. A student placed on academic probation shall not carry overload and shall not be eligible for study abroad courses. A student will be removed from academic probation when the minimum standards have been met. The length of the probationary period varies by the student due to course load and performance.

**Academic Dismissal:** A student will be dismissed from the university if they fail to make improvements toward the minimum standards while on Academic Probation. A student may apply to return to the university after a one-year period has elapsed by submitting the Personal Information for Returning Students Form and an appeal (AIP). The student placed on academic suspension or dismissal is responsible for working with the Enrollment Coordinator/Program Director, or Faculty Advisor to complete an appeal and submitting to the appropriate Academic Review Committee. The Academic Review Committee will
