

PROVIDER VERIFICATION OF PHYSICAL / MEDICAL DISABILITY

Student Name: _____ Student ID: _____

To the Student:

The form below the line must be completed by your medical provider who is qualified to diagnose and treat your disability. UIU Student Accessibility Services reserves the right to request additional documentation or contact your provider for additional information. If this form is completed by anyone other than a qualified licensed professional, the information will not be used to support your accommodation request. Inaccurate and incomplete documentation may hinder the university ability to accommodate you based on its policies and procedures.

Please sign the box below to give your medical provider authorization to release information to Accessibility Services.

I, _____, authorize my medical provider to release to Upper Iowa University Student Accessibility Services the medical information requested on this form for the purpose of determining appropriate accommodations for my disability while a student at UIU.

Patient Signature: _____ Date: _____

***This authorization and consent will expire one year from the date of authorization.**

The section below is to be completed by the medical provider.

The above is a student of Upper Iowa University. The student has requested a reasonable accommodation for a disability under the Americans with Disabilities Act (ADA) and has identified you as the treating physician. To assist UIU in evaluating this request, please answer the following questions. Please provide specific and detailed answers to these questions, using additional sheets where necessary. The information you provide will be confidential.

PART I: Questions to determine whether a student has a disability.

Are you the student's primary care provider? Yes No

How long has the student been under your care?

Have you examined the student for the disability relating to their request for a reasonable accommodation? Yes No

If yes, please provide date(s) of examination:

Does the student have a documented disability as determined by ADA? Yes No

If yes, what is the specific disability?

Answer the following question based on what limitations the student has when his or her condition is in an active state and what limitations the student would have if no mitigating measures were used. Mitigating measures include things such as medication, medical supplies, equipment, hearing aids, mobility devices, the use of assistive technology, reasonable accommodations or auxiliary aids or services, prosthetics, learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, and physical therapy. Mitigating measures do not include ordinary eyeglasses or contact lenses.

PART II: Questions to determine whether an accommodation is needed.

A student with a disability is entitled to reasonable accommodations only when the accommodation is needed because of the disability. The following questions may help determine whether the requested accommodation is needed because of the disability.

Does the impairment substantially limit a major life activity as compared to most people in the general population? Yes No

State a minimum of one major life activity of the student that limits their ability to function due to the student's diagnosed disability?

What function(s) of collegiate life is the student having trouble performing or accessing because of their diagnosed disability?

Is this a short-term or long-term condition?

PART III: Questions to help determine effective accommodation options.

If a student has a disability and needs an accommodation, the college must consider a reasonable accommodation, unless the accommodation poses an undue hardship or it is a fundamental alteration to the course. The following questions may help determine effective accommodations:

Do you have any recommendations regarding possible accommodations for Accessibility Services to consider? Yes No

If yes, what are they?

What additional support(s) is the student receiving to help overcome these barriers?

How would your recommendations specially mitigate the student's disability and improve their educational performance?

PART IV: Other Comments:

I certify that the above-named patient needs reasonable accommodations as described above due to a diagnosed disability. My signature verifies that I am currently treating this patient, and that the above information is true and accurate.
